

Michigan Land Use Leadership Council Report

Michigan's Land, Michigan's Future: The Final Report of the Michigan Land Use Leadership Council has been released. To view the report, go to www.michiganlanduse.org.

The report includes more than 150 recommendations to address “unplanned and unmanaged growth for both the environment and the economy.”

We encourage you to read the report and become familiar with its recommendations. The Metropolitan Council will work proactively with GVMC members and legislators in the stages to come to help develop appropriate public policy from the recommendations.
