**I. APPROVAL OF MINUTES**

Conners entertained a motion to approve the December 3 and 5, 2019 TPSG meeting minutes.

**MOTION by Harrall, SUPPORT by DeVries, besides a couple minor changes to spelling, to approve the December 3 and 5, 2019 TPSG Committee meeting minutes. MOTION CARRIED UNANIMOUSLY.**

**II. OPPORTUNITY FOR PUBLIC COMMENT**

None.

**III. PROGRAMMING OF PROJECTS FOR FY2019 STP – Urban Funds**

DISCUSSION/ACTION: The Committee will be asked to program under-programmed 2019 STP – Urban funds.

**Please refer to Item IV: Attachment A**

Joseph explained that when originally programing the 2017/2020 TIP the allocation assumption was that the funds would be 8.2 million for STP however it was actually 8.7 million for 2019. Which is a surplus of \$484,322 and will be excepting proposals from the committee on how to allocate the funds.

Itani also advised on several options to use the funding.

Harrall asked if adding to existing projects that have not been obligated if it can be done as an administrative change. Joseph replied by saying yes and explained that as long as the total cost of the project does not go up or down by more than 25%, if you're messing with match. It would be an administrative adjustment (admin mod)

Harrall presented his proposal on the 100<sup>th</sup> Street Bridge replacement project that is in the TIP as an MDOT project. Kent discussed the trail and the funds associated with that part of the project. Itani asked if this entire project was currently in the TIP. Kent replied that it was and it is all under the 100<sup>th</sup> Street Bridge Project, to include bridge, trail and approaches. Discussion ensued.

ITP advised that if they were given the funds they could buy another bus.

DeVries offered the Hasting Street project for the funding. Grand Valley recently opened a new training facility on Hastings along with additional building. When the traffic study was performed it was advised to have traffic going both ways on Hastings all the way to College Ave to allow Michigan

DRAFT

DRAFT  
**ITEM II: ATTACHMENT A**

Street to continue to work properly. \$182,000 is the requested amount and DeVries added the Federal funding would be helpful.

Discussion's continued including discussion on obligation authority issues. Harrall explained more details regarding the 100<sup>th</sup> Street Project including the truck traffic and the pedestrian traffic. Bennett expressed her concern of not having the trail connect and pedestrian traffic would be directed to heavy traffic with nowhere to go safely.

Conners recapped the proposal for the funds:

- Allocate \$183,000 to the City of Grand Rapids Hastings Street project (Prospect to College reconstruction), which is currently significantly over-matched. *New federal amount would be \$630,450 and the new local participating amount would be \$1,588,499. Total project cost won't change.*
- Allocate the rest (\$301,322) to KCRC for their portion of the approach work on the 100<sup>th</sup> Street Bridge project. *This work is being done under the Trunkline bridge replacement project that is currently in the TIP, and therefore the funding would be transferred to an MDOT funding template.*
- If for some reason the Grand Rapids is unable to make obligation in 2019, the subcommittee recommends flexing the unobligated amount to ITP to go toward the purchase of a bus.

**MOTION by DeVries, SUPPORT by Schweitzer, to approve the \$484,322 STP-Urban Funds.**  
**MOTION CARRIED UNANIMOUSLY.**

**IV. OTHER BUSINESS**

None.

**V. ADJOURNMENT**

## **MEMORANDUM**

---

**DATE:** August 21, 2019

**TO:** TPSG Subcommittee

**FROM:** Laurel Joseph, Transportation Planner

**RE:** **FY2020-2023 Potential Nonmotorized Projects**

---

At the next TPSG meeting, which will take place on August 27, 2019 at 9:30 am at GVMC, the Subcommittee will be tasked with discussing and making a recommendation regarding the proposed pool of potential TAP projects recommended by the Nonmotorized Subcommittee at its June 2019 meeting.

The Nonmotorized Subcommittee has recommended the attached pool of projects to move forward in the MGS application system to go through the MDOT technical review process for potential regional TAP funding. FY2020 and FY2021 are both over-programmed with the intent of awarding projects on a first come, first served basis once they get through the MGS process to utilize as much of the GVMC TAP allocation as possible and roll the rest to the next year. The plan will be to revisit this list in FY2021 when we know the rollover status of the pool and how much room, if any, is left in the TAP budget for possible additional FY2022-2023 projects.

Also attached is the Nonmotorized Plan list of projects that the Nonmotorized Subcommittee reviewed when making their recommendations for this pool of projects. If the TPSG Subcommittee wishes to recommend any changes to the proposed pool, any additional project proposed for possible TAP funding must be selected from the Nonmotorized Plan list of projects.

If you have any questions, please do not hesitate to contact me at (616) 776-7610.

PRELIMINARY DRAFT FY 2020-2023 Proposed Pool of Potential Regional TAP Projects  
Recommended by the Non-Motorized Subcommittee  
June 2019

## 2020
